Please amend the application as follows:

IN THE CLAIMS:

Please amend the claims as follows:

1. (Amended) A multilayer [injection molded] container comprising:
 - a first layer defining an outermost layer of the container and comprising polypropylene; and
 - a second layer comprising an oxygen barrier material [a material selected from the group consisting of EVOH and nylon], directly adjacent to said first layer;
 - [wherein] at least one of said first and second layer further comprises an adhesive mixed therein.
2. (Amended) The container of claim 1 [wherein said] the first layer comprising [contains] approximately 0.01% to 0.20% maleic anhydride.
3. (Amended) The container of claim 1 [wherein said] the first layer comprising [contains] approximately 0.015% maleic anhydride.
4. (Amended) The container of claim 1 wherein said container has a haze value of less than approximately 29% measured through a section of the container [bottle] having a total thickness of greater than approximately 15 mils.
5. (Amended) The container of claim 1 wherein said container has a haze value of approximately 10%-12% measured through a section of the container [bottle] having a total thickness of greater than approximately 15 mils.
